

New Features

The following features are added in the release version 1.0.0 of TIBCO DataSynapseGridServer® LogViewer.

- **Create Property File** You can create a custom property file with customized configurations that helps to analyze the logs data. For more information, see [Selecting a Property File in TIBCO DataSynapseGridServer® LogViewer Missing variable reference User Guide](#).
- **View Logs** The log data can be viewed in Chart or Detailed format. For more information, see [Selecting the Log View in TIBCO DataSynapse GridServer®LogViewer Missing variable reference User Guide](#).
- **Comprehensive Analyze** Comprehensive Analyze gives a graphical representation of the data.
- **Log Search** Logs can be searched using TaskID or JobID. For more information, see [Searching the Logs in TIBCO DataSynapse GridServer®LogViewer Missing variable reference User Guide](#).
- **Add Multiple Brokers** Multiple Brokers support is provided for complex log analysis. For more information, see [Adding Multiple Brokers in TIBCO DataSynapseGridServer® LogViewer Missing variable reference User Guide](#).

Changes in Platform Support

Supported platforms are not affected in the release version 1.0.0. For a complete list of supported platforms, see the Readme file.

Changes in Functionality

There are no changes in functionality in the release version 1.0.0 of TIBCO DataSynapse GridServer® LogViewer.

Deprecated Features

There are no deprecated features in the release version 1.0.0 of TIBCO DataSynapseGridServer® LogViewer.

Removed Features

No features are removed from the release version 1.0.0 of TIBCO DataSynapseGridServer® LogViewer.

Migration and Compatibility

There are no migration procedures and compatibility matrix in the release version 1.0.0 of TIBCO DataSynapse GridServer® LogViewer.

Closed Issues

There are no closed issues in the release 1.0.0 of TIBCO DataSynapse GridServer® LogViewer.

Known Issues

There are no existing issues in the release version 1.0.0 of TIBCO DataSynapseGridServer® LogViewer.

TIBCO Documentation and Support Services

For more information about this product, you can read the documentation, contact TIBCO Support, and join the TIBCO Community.

How to Access TIBCO Documentation

Documentation for TIBCO products is available on the Product Documentation website, mainly in HTML and PDF formats. The Product Documentation website is updated frequently and is more current than any other documentation included with the product.

Product-Specific Documentation

The documentation for this product is available on the TIBCO DataSynapseGridServer® LogViewer Documentation page.

How to Contact Support for TIBCO Products

You can contact the Support team in the following ways:

- To access the Support Knowledge Base and getting personalized content about products you are interested in, visit our product Support website.
- To create a Support case, you must have a valid maintenance or support contract with a Cloud Software Group entity. You also need a username and password to log in to the product Support website. If you do not have a username, you can request one by clicking Register on the website.

How to Join TIBCO Community

TIBCO Community is the official channel for TIBCO customers, partners, and employees subject matter experts to share and access their collective experience. TIBCO Community offers access to Q&A forums, product wikis, and best practices. It also offers access to extensions, adapters, solution accelerators, and tools that extend and enable customers to gain full value from TIBCO products. In addition, users can submit and vote on feature requests from within the TIBCO Ideas Portal. For a free registration, go to [TIBCO Community](#).

New Features

The following features are added in the release version 1.0.0 of TIBCO DataSynapseGridServer® LogViewer.

- **Create Property File** You can create a custom property file with customized configurations that helps to analyze the logs data. For more information, see [Selecting a Property File in TIBCO DataSynapseGridServer® LogViewer Missing variable reference User Guide](#).
- **View Logs** The log data can be viewed in Chart or Detailed format. For more information, see [Selecting the Log View in TIBCO DataSynapse GridServer®LogViewer Missing variable reference User Guide](#).
- **Comprehensive Analyze** Comprehensive Analyze gives a graphical representation of the data.
- **Log Search** Logs can be searched using TaskID or JobID. For more information, see [Searching the Logs in TIBCO DataSynapse GridServer®LogViewer Missing variable reference User Guide](#).
- **Add Multiple Brokers** Multiple Brokers support is provided for complex log analysis. For more information, see [Adding Multiple Brokers in TIBCO DataSynapseGridServer® LogViewer Missing variable reference User Guide](#).

Changes in Platform Support

Supported platforms are not affected in the release version 1.0.0. For a complete list of supported platforms, see the Readme file.

Changes in Functionality

There are no changes in functionality in the release version 1.0.0 of TIBCO DataSynapse GridServer® LogViewer.

Deprecated Features

There are no deprecated features in the release version 1.0.0 of TIBCO DataSynapseGridServer® LogViewer.

Removed Features

No features are removed from the release version 1.0.0 of TIBCO DataSynapseGridServer® LogViewer.

Migration and Compatibility

There are no migration procedures and compatibility matrix in the release version 1.0.0 of TIBCO DataSynapse GridServer® LogViewer.

Closed Issues

There are no closed issues in the release 1.0.0 of TIBCO DataSynapse GridServer® LogViewer.

Known Issues

There are no existing issues in the release version 1.0.0 of TIBCO DataSynapseGridServer® LogViewer.

TIBCO Documentation and Support Services

For more information about this product, you can read the documentation, contact TIBCO Support, and join the TIBCO Community.

How to Access TIBCO Documentation

Documentation for TIBCO products is available on the Product Documentation website, mainly in HTML and PDF formats. The Product Documentation website is updated frequently and is more current than any other documentation included with the product.

Product-Specific Documentation

The documentation for this product is available on the TIBCO DataSynapseGridServer® LogViewer Documentation page.

How to Contact Support for TIBCO Products

You can contact the Support team in the following ways:

- To access the Support Knowledge Base and getting personalized content about products you are interested in, visit our product Support website.
- To create a Support case, you must have a valid maintenance or support contract with a Cloud Software Group entity. You also need a username and password to log in to the product Support website. If you do not have a username, you can request one by clicking Register on the website.

How to Join TIBCO Community

TIBCO Community is the official channel for TIBCO customers, partners, and employees subject matter experts to share and access their collective experience. TIBCO Community offers access to Q&A forums, product wikis, and best practices. It also offers access to extensions, adapters, solution accelerators, and tools that extend and enable customers to gain full value from TIBCO products. In addition, users can submit and vote on feature requests from within the TIBCO Ideas Portal. For a free registration, go to [TIBCO Community](#).
